

Don't forget the little **slice**
in the kumi's head (sides)
to glue the ears through.

Please insert & glue the ears
before you assembling the head

Don't forget **slice the hair**
in the kumi's head.

3. Head

1. Ear (Right)
front side

2. Ear (Left)
front side

fold, glue, cut

fold, glue, cut

that would be great if you can stick this credits into the back side of tail :)

If you cut all the shapes and grease/pre-fold before glue-ing, the model will look better.
